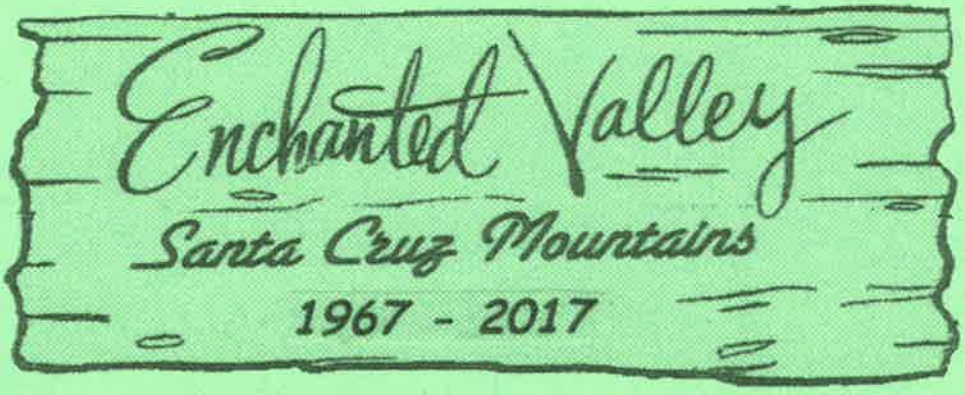
HISTORY OF



VOLUME III

2007 - 2017

DEDICATION

This 10 year Supplement to the History of Enchanted Valley, Volume III is dedicated to Janet "Sam" Downing who passed away in 2014. Sam and Wes' first cabin was #12, Oak Circle in 1967. They moved to #9 Redwood Circle in 1972. Their family including children Tom and Kathy, grandchildren and great grandchildren have been regular participants in EV activities. During the 47 years at EV, Sam was either on the Board, serving the Board, or serving shareholders for 42 of those years.

Listed below are positions she held since Incorporation in 1967.

- Secretary 1970-1975 and 1994-2014 = 25 years
- Treasurer 1975-1988 = 13 years
- Bookkeeper 1988-1992 = 4 years
- Anniversary & History Committee 1992 & 2007
- Board Member 12 years
- Recreation Committee Chair or Member (Many years)
- Enchanted Valley Historian

Sam's dedicated service to everyone at Enchanted Valley made it the place it is today. Sam made everything easy. She let you handle things your way and if you had a question she was always willing to help. Sam had an unequalled recall of so much accurate information regarding events, people, and circumstances, etc. Her enthusiasm and spirit will live on forever in us all.

In 2014 the Board decided to name the Activity Board in her honor. Later in 2016 a sign was installed, "Sam Downing Memorial Activity Board", and a photo tile was added.

FOREWORD

It has been 60 years since the Feinstein family opened Enchanted Valley and 50 years since Enchanted Valley Corporation was formed. There are many people to thank for their efforts in getting it started and to those who carry on. This book will contain and update information since our last publication in 2007. It was reported that 200 people attended the 40th Anniversary in 2007. Again we make the disclaimer that we have worked hard to achieve the accuracy of the information herein, and ask if you have information to the contrary that you let one of the members know.

As Chair of the History Committee Liz Serochi recorded the events that occurred since 2007, which helped a great deal in this update.

The Committee hopes that all who read this will find it useful and enjoyable.

CORPORATE FACILITIES

Several upgrades were made to some of the corporate facilities the major of which was to the water system.

Water System

In June 2011 an Ad Hoc Committee was formed to investigate water system problems. The committee consisted of Bob Clough, Bob Husmann, Gene Fields and Bob Byers. The project was divided into 3 phases. Phase 1 was aimed at lowering manganese and iron levels and adding baking soda and soda ash to increase alkalinity. Phase 2 in 2012 involved adding a new filtration system, enlarging the pool pump house and other modifications. Phase 3 involved replacing the well pump. Total cost was estimated to be $48,238.00. Each shareholder family was assessed $600.00.

Although we went through the worst drought in California history, water levels in the well remained stable.

Since October 1, 2016, start of the "rainy season" in California, Enchanted Valley has received over 55 inches of rain.

Corporate Office and Caretaker's Cabin

In April 2008 the corporate office was updated with a new ceiling, new lighting and a ceiling fan. The caretaker's residence was fittted with new appliances, windows and flooring in September 2009. A New garage door was installed and the deck was replaced in 2015.

Pool Bathhouse

Extensive improvements were made in the interior of the pool bathhouse in the spring of 2017. This included some new fixtures, fresh paint job of walls, ceilings and floors and new tiled showers.

Corporate Equipment

In September 2007 there was an assessment of $100.00 per shareholder family to purchase a new or used wood chipper. Unexpected truck repairs and water system upgrades required an assessment of $100.00 in June 2012. In June 2016 a special shareholder meeting was held to discuss the purchase of a new truck. An assessment of $600.00 was approved. A new 2016 Toyota Tundra SR was purchased in September 2016 at a cost of $35,600.91.

Snack Bar

The snack bar was managed by Carol Brill from 2005 until September 2010. Sheri Milde replaced her in June 2011 and changed the name to Hunny Hive Snack Bar.

Computer System

A new computer system and software were purchased by Business Representative, Carol Brill, who stood in line at Best Buy from 2:00 a.m. to 7:00 a.m. on Black Friday 2009 to get a deal.

In September 2009 Tressa Frische volunteered to develop a web site. It eventually contained a yearly calendar with the summer schedule of meals, special events and board minutes. Rules and Regulations were added later. Evites were used to sign up for meals or to announce special events. In February 2017 shareholder Dan Hillman offered to update and manage the website.

Corporate Shares

The value of corporate shares are voted on annually at the September board meeting. These are part of the sale price of a cabin. In September 2010 they were raised to a value of $40,000.00.

Site Fees

Site fees were increased in 2007 from $130.00 to $150.00/month. In October 2011 there was an increase to $160.00/month. October 2012 saw an increase to $175.00 and in October 2015 they were raised to $180.00.

Transfer Fees

Transfer fees are used for special projects deemed necessary by the Board. These were origianlly adopted in 1977 by shareholders to cover the time the Business Representative, Caretaker and the board were spending when a cabin was sold. In October 2007 the transfer fees were increased from $1,500.00 to $2,000.00 and in 2015 they went to $3,500.00.

Business Representative

Bob Clough was serving as Business Representative at the time of our last history book in 2007. He was replaced by Carol Brill in September 2009. She became the first female to hold that position. In June 2012 Lee Milde became the Business Representative and remains so at the present time.

Corporate Attorney

Our corporate attorney at the time of our last history book was Al Levine. He retired in 2007 and was replaced by Christopher Kirk who was also a member of the Bosso Williams firm. Christopher left the firm in June 2011. He remained our corporate attorney until January 2016 when shareholder Len Siegal took over.

Policies

After many years of discussion a Group Use Policy for use of corporate facilities was presented to shareholders at the June 2010 shareholder's meeting and was approved. Parts of the policy were updated in September 2016.

A fee schedule for use of corporate facilities was established in September 2011 and revised in September 2014.The wording of these policies can be found on the EV Web Site.

The county of Santa Cruz enacted a policy in October 2009 that required two 5000 gallon water tanks for any rebuilt cabins. Shareholders Mike and Sydney Earley were the first ones having to meet this requirement when they rebuilt cabin #35. After much discussion the board requested a meeting with County officials. The officials conceded that if every rebuilt cabin had this requirement Enchanted Valley would look like water tank city.

Special Committees:

Two special committees were formed in September 2016.

Pool Committee

This committee was formed after learning that significant water leakage was occurring.

Members of the committee were Joe Serochi, Joe Shane, Gene Fields and Dan Hillman. It was also learned that there were a number of new regulations that were required when redoing a pool. The committee and the board decided to go with Burkett's Pool Plastering, Inc. who also did the last two pool projects in 1992 and 2001. The total cost was $36,050.00 and each shareholder family was assessed $550.00.

Pappy's Porch Committee

The committee was formed after learning that there were some weak areas of flooring especially at the entrances. Committee members were Howie Kanter, Gene Fields, Tom Bruno, Javier Casillas, Mitch Sewell, Jeff Vasek and Dan Pontier.

Miscellaneous

In September 2016 a new state law was passed regarding proxy voting. It states that proxy votes are only good for 11 months and must be renewed after that.

In June 2016 our liability insurance was increased from $200,000.00 to $500,000.00.

After five years of drought, 2016-2017 saw multiple storms that resulted in mud slides and downed trees in the Valley. A huge sink hole developed in the San Jose-Soquel Road about a mile north of Olson Road requiring shareholders north of Summit Road to find alternative routes.

RECREATION FACILITIES

During the past ten years there have been many new and improved recreation facilities at Enchanted Valley. The hard work and dedication of shareholders at annual work days have been essential to the continued use and enjoyment of EV's Recreation facilities. The list below are changes that have been made since 2007.

Several items of interest were discussed at the 40th Anniversary Celebration held on August 18, 2007.

Jim Oswald spoke about EV and told us that he found **merry-go-round** parts under a tarp in middle camp. He started to put it together and realized the middle part of the merry-go-round that makes it turn was missing. He found a supplier in San Jose and was able to purchase the part. He put together the merry-go-round and it continues to operate at it's current location.

Jimmy Feinstein told us that the original **fire pit benches** were pews from a church in Boulder Creek or Felton Area. New benches were later rebuilt exactly the same as the original benches from the church.

Jimmy Feinstein shared that his father Al had planned a phase II for EV which included plans to build a lodge where the caretaker's cabin is located. So perhaps that is why upper camp is named "Lodge Heights". Finally, he also indicated that Phase II included plans for a second swimming pool.

Swing Set

The two sets of swings originally located under the redwood trees in the lawn were relocated to the open lawn area along the perimeter to be away from possible falling redwood branches.

Creekside Lookout

The original Creekside Lookout located just above Cabin #5 was in a state of disrepair and not used by many. In 2012 the lookout was demolished and removed.

Gene Field's Tribute Rock – 25 Years of Dedicated Service to Enchanted Valley

A brass plaque was presented to Gene Fields at his Retirement Party on October 14, 2013 held on Michael's On Main, Soquel, CA. The Rock and Plaque were purchased with shareholder donations. Shortly thereafter the plaque was mounted onto the rock and the rock was installed at the entrance to Pappy's Porch.

Horseshoe Pit Shade Structures

The two shade structures were in need of repair and removed on work day May 2016.

Sam Downing Memorial Activity Board

In May 2016, in honor of Sam Downing's many years of service particularly to the Recreation Program and Facilities, the existing Activity Board was dedicated to Sam Downing. The sign was created by Joe Serochi and Gene Fields and includes a tile picture plaque of Sam.

Swimming Pool Renovation

In 2017 the EV Swimming pool underwent a complete renovation. The pool was replastered, tile, coping stones, deck markers, skimmer basket, stairs and entry rail were replaced, and a double main drain installed. All work was completed after an assessment of shareholders in the amount of $550.00/shareholder family.

RECREATION ACTIVITIES

Many of the traditional activities enjoyed for the past 50 years are still annual events. Some have been retired (at least temporarily) and many new events have been added. Every year, it seems, some family or group gets together and has an idea of an original event that sounds like fun, and signs up to try it out. It is with this spirit that new traditions are started and the fun continues.

One of the largest attended events was the 40th Anniversary celebration in 2007. The event took place on Saturday and Sunday, August 18th & 19th with approximately 200 people in attendance for the Saturday night dinner. Invitations were sent to current shareholders at that time as well as former shareholders whose addresses were available. Other activities on Saturday were ice cream sundaes, cupcakes at the pool followed by a catered dinner from Armidillo Willy's. On Sunday a brunch was served. During the weekend lots of EV apparel was sold and a DVD was shown and sold depicting past Untalent Shows.

In August 2007, our resident artist Jill Frische did a beautiful job restoring "Pappy" for the 40th Anniversary Celebration. "Pappy" stood at the registration table greeting all guests, dressed in a grass skirt and an EV t-shirt. This started the tradition of dressing "Pappy" to match the theme of EV events planned. He sits at the entrance to Pappy's Porch greeting everyone, and then is stored away in the indoor kitchen after each event.

Since the 2007 40th Anniversary, "History of Enchanted Valley, Volume II" book was published, there have been many changes and additions. Following are some of the new events and activities.

Improved Communication

In the past, EV communicated via meetings, mail and the telephone. In the last 10 years, the speed and accuracy of EV communications has improved greatly through the use of new technology. EV established their own website to post information such as activity schedules, Board Minutes, and Rules and Regulations.

The use of Evites to sign up for events has been a great assistance in planning for scheduled events. In more recent times the Board began the use of "EV News and Notes" and the "President's Report" to improve regular communication to shareholders.

Summer Recreation Activities

In addition to the annual events such as the Untalent Show, the 4th of July weekend Parade led by Joe Shane, sundaes and wiffle ball game, other events were introduced: 50's Dance, Monkey Bread Breakfast, Geno & Friends Breakfast, Weenie Roast, Movies, Campout, Bean Bag Toss Challenge, EV Olympics, Saturday Popcorn and the return of the EV Crafts Faire.

The weekends at the campfire and roasting marshmellows is always a hit. The snack bar continues to be a favorite gathering place for young and old.

The Meals of EV

Special Dinners and breakfast events continue to be the most popular attractions for shareholders and guests. Some new dinners since 2007 include:

- Garbarge Can Cooking
- Halloween in August
- EV Sports Night
- Mexican Fiesta
- Pulled Pork
- Shish Kabob
- Road to Rio
- Hawaiian BBQ/Swance
- Salad & Potato Bar
- Prom Night
- Meatloaf
- Disney Dinner
- Joe's Omelet Special
- Polenta Dinner (Returned in 2016)
- All American BBQ
- Nacho Bar Dinner
- Fall Festival
- Gold Rush Days
- Island Grub
- Flip Flop BBQ

The traditional Off Season Dinner was switched to an Off Season Brunch and is always a well attended event and fun for all.

ENCHANTED VALLEY'S FIRST CENTENARIAN

PAT "Pasquale" OLIVERIO

On July 24, 2017 Pat Oliverio turns 100 years old. Pat and Rose Oliverio became shareholders in 1967 at cabin site #10 Hillside Terrace in Middle Camp. Their family including children Joe, Olivia, Rosemary and Cynthia were regular visitors to EV through out the years. Pat's daughter Rosemary and her husband Joe Taormino became shareholders in 1979. For many years the family, under Pat's direction, hosted two of the largest attended events ever held at EV, the Calamari Dinner and the Polenta Dinner. Pat's sauce was so popular that he would make extra sauce so shareholders could purchase it and enjoy at a later date. Both dinners were always the highlight of the summer season. This tradition returned in 2016 when the Anello and Taormino families brought back the Polenta Dinner.

Pat also loves to play poker and would often be seen in a game at the pool, Pappy's Porch or at night in the EV office. Pat is an excellent player and is very seldom a loser at the end of the game. It is fun to play with Pat and you can always learn something from Pat. His sharp mind for poker is generally one step ahead of the rest of the players!

In 2004, Pat turned over the cabin to his daughter Cynthia Anello. Cynthia and family have continued to bring Pat to EV in recent years to keep in touch with everyone at EV. Of course, whenever possible, he joined his EV friends for dinner and got into a poker game during his visit.

CONCLUSION

Enchanted Valley is a gift and we have many people to thank for this beautiful 50-acre family camp.

Sixty years ago, in 1957, Al Feinstein had a vision and he and his family worked very hard and made a lot of sacrifices to create a safe and healthy environment for families to enjoy.

Fifty years ago, in 1967, Enchanted Valley was incorporated. The original Shareholders took a chance in purchasing 850 shares of stock and gave Al and Anne Feinstein, the sellers, a promissory note and deed of trust. Because of their belief in EV, we continue to enjoy everything EV has to offer.

Therefore, all of us today, along with those who have gone before us, had a part, no matter how big or how small, in making EV what it is today. The hard work and dedication of many shareholder families has continued to improve both facilities and programs. The new Volume III has attempted to capture the events and development from 2007 to 2017. The involvement of original and new families has kept EV going strong. Many second and third generation families have continued to enrich these traditions.

We hope you have enjoyed the History of Enchanted Valley, Volume III, which continues the shared memories of Enchanted Valley families. The spirit of EV continues to live on in all of us!
